CPARS

Overview

With each software release, we work to improve the Contractor Performance Assessment Reporting System (CPARS) and Integrity Information System user experience and improve the quality of information available from CPARS and Integrity Records. We do this through a combination of minor enhancements and fixing known issues. This document summarizes the customer-facing changes that were made to the CPARS application in version 8.1.0 on November 03, 2025.
